

## RULES FOR PETS ON HOLIDAY

Your pets are just as welcome here as any other guest. However, they must also follow certain rules and be considerate of other guests.

- Your pet will eat from a designated bowl or from a bowl you bring from home
- The owner is responsible for the comfort and walking of their pet, both inside and outside the guesthouse and its immediate surroundings
- Pets must be under the constant supervision of their owner in common areas
- You can come together for breakfast and dinner, but you must sit in the designated area.
- Unfortunately, your four-legged friend is not allowed in the wellness area - the sauna and whirlpool are not suitable for them, nor are the adjacent relaxation rooms.
- In common areas (as well as in apartments), please do not allow your four-legged friend on couches, sofas, or beds.
- Just like people, your pet must remain calm so as not to disturb other guests.
- **The owner is fully liable for any damage caused by their pet.**

Paw on it!
